Review of Goals for FY17-18

Enhance Quality of Teaching – In progress
- Provide greater assistance to faculty in course design and educational effectiveness
- Nominate outstanding teachers and mentors for awards locally and nationally
- Increase response rate of student evaluations and use appropriate metrics to identify areas in need of improvement

Foster High Impact Research – Met
- Growth in NIH awards to PHHP PIs from $21 to $25M
- Publication of high “impact” papers (e.g., Drs. Vandenborne, Mainous, Longini)

Hiring of Eleven New Faculty Under Provost’s Initiative – Met
- 3 teacher-scholar position filled
- 8 lecturer/clinical assistant professor positions filled
Review of Goals for FY17-18

**Development of a Plan to “Smart Size” the College – In progress**
- Retreats held in Fall and Spring
- Department/program targets set for size of faculty and entering student classes
- Committees formed to address four key issues:
  - Funding of PhD students
  - Re-Envisioning the Undergraduate Health Science Program
  - Attracting Students to our Undergraduate Majors
  - Connecting our Undergraduates to our Advanced Degree Programs

**Reach $12M in Capital Campaign – Met**
- Current total exceeds $14M
Goals for FY18-19

Education
- Reduce class sizes by expanding the faculty and increasing the numbers of courses offered

Research
- Continue our focus on cultivating innovative research and high-impact publications

Community Service
- Contribute to improving the health and well-being of the east Gainesville community

“Self-Care” of the PHHP Family
- Develop a college-wide wellness program for faculty, staff, and students

Reach $16M in Capital Campaign
- Identify initiatives to energize our alumni and attract new donors
An Amazing Journey: 1958-2018

“In 1958, our College opened its doors with 10 faculty and 15 students in 3 educational programs. Today, in 2018, the College has grown to 300 faculty and staff providing educational opportunities to more than 2,500 students in 20 academic programs. Working collaboratively in our teaching, research and service endeavors, we are making real differences in the lives of others, locally, nationally and globally. I am very proud of the college’s accomplishments, and I thank the many people, current and past who have made that happen: the university leadership, alumni, friends, and benefactors of the college; and most importantly, our faculty, staff, and students.”
